

THE INFUSER SYSTEM

Fertilization Protocol

STEP 1

Squeeze the bottle to the right amount of fertilizer desired.

STEP 2

Connect the Infuser Tube to the Shut-Off Valve of the Watering Machine.

NOTE: Make sure the Shut-Off Valve is on the OFF position.

STEP 3

Carefully pour the fertilizer from the bottle into the Infuser Tube

STEP 4

Connect the Infuser Tube to a 3/4" Garden Hose Thread Water Source and turn the water on.

STEP 5

Turn the Shut-Off Valve in the ON Position to infuse the fertilizer into the Watering Machine.
